Heimgard

Motion
# Sensor

Requires a
heimgard hub

What is in the box

A.
Sensor
B.
CR 17335 battery x 1

C.
Wall mount

D.
Metal pin
Device overview

E.
LED Light

F.
Join/Reset button

D.
Wall Mount

G.
Battery insulator
1. Remove the **wall mount (D)** and the battery cover on the **sensor (A)**. Then remove **battery insulator (G)** by pulling the plastic tab. Replace the back cover

Pull me!

2. Open the Heimgard app and follow the steps listed here to connect to your device

⚙ → Manage Devices → ➕ → 〰️
3. Insert the **metal Pin (D)** and press **join Button (F) for 3 seconds** while your app is scanning for the device
4. Your device will appear in the **Found Devices** list. Click **configure** to add the device to a specific room.

Configure and use

This device is pre-configured as part of the alarm system. It will trigger the alarm when it is set in **Away** mode in the app. You can change this under **Advanced Settings** while configuring the device.

Configure the device as **Generic** if you don't want to trigger any alarms.
This device can be used to control lights and activate scenes when detecting motion. Set this up in **Advanced Settings** by clicking **Automation** and adding **Quick Rules**.

Mounting

Remove protective layer on the double-sided tape on the **Wall Mount (D)**. Press the wall mount firmly against the wall at the desired location.

Example mounting

2.1m

1.5m   10m
Pet friendly mounting
Rotate sensor 180°

1 m

10m
Avoid Placing:
- Outdoors
- Near air-conditioner or heater
- In direct sunlight
- Near rotating objects (i.e. cieling fans)
- With pets (unless using pet friendly mounting method)

Example
Troubleshooting

If the sensor triggers the alarm, even if there is no event of intrusion or movement, please verify the mounting and places to avoid sections.

If device disconnects unexpectantly, you may have to replace the battery.

LED description

Green Light
Flashes fast: Pairing to network
Flashes (x 6): Disconnecting from network

Red Light
Flashes (x 1): Detects motion

Factory Reset

Insert the **metal Pin (C)** and press **Reset Button (F)** for 5 seconds to disconnect the device from the network. The LED will flash (x 6) while disconnecting from network

on how to use.

Important safety information

1. Read through these instructions and follow accordingly.
2. Clean only with dry soft cloth. Household cleaners and solvents can damage the finish on your device.
3. Do not install near any heat sources such as radiators, heat registers, stoves or other device that produce heat.
4. Do not use this device near water.
5. **Warning: To reduce the risk of fire or electric shock, do not expose this device to rain or moisture.**
6. Do not expose device to dripping or splashing.
7. Protect the attached cables from being walked on or pinched, particularly at plugs, convenience receptacles, and the point the exit the apparatus.
8. Only use attachments/accessories specified by the manufacturer.
9. Unplug this device during lightning storms or when unused for long periods of time.
10. All servicing should be performed by qualified service personnel. Servicing is required when the device has been damaged in any way.
11. Operating temperature: -10°C to +50°C
12. Operating relative humidity: < 95% RH (no condensation)

Dispose the product properly at the end of life. This is electronic waste which should be recycled accordingly.
