Trouble-shooting

Carry out the problem-solving measures described in the following section before contacting Customer Support.
Turn off the DVD player immediately as soon as you suspect a malfunction. Unplug the power plug and check whether the DVD player is unusually warm or whether smoke is rising from it.

Problem	Possible cause	Remedy
The DVD player does not work	Disc cover not closed	Close disc cover
	No disc inserted	Insert disc
	Disc inserted the wrong way	Insert disc with label facing up
	Disc dirty or deformed	Clean disc, or insert other disc
	Regional code of the player does not match the regional code of the DVD	Purchase DVD with corresponding regional code
	Moisture on lens	Remove disc and turn of f DVD player for at least two hours
No audio	Device not properly connected	Check connexions and connect device in the correct way
	Headphones connected (loudspeaker off)	Pull out the headphones
	DVD sound settings incorrect	Check sound settings and set sound correctly
	Disc dirty or deformed	Clean disc, or insert other disc
No video	TV screen is off or in the incorrect video mode	Turn on LCD screen and/or set correct video mode
	Device not properly connected	Check connexions and connect device in the correct way
Poor video and/or audio quality	Disc dirty or deformed	Clean disc, or insert other disc
Repeated playback of a section	Loop mode is switched on	Exit the loop mode
	Disc dirty or deformed	Clean disc, or insert other disc
Remote control does not work	Obstacle between remote control and DVD player	Remove obstacle
	Remote control not pointed at DVD player	Point remote control directly at DVD player
	Remote control battery inserted the wrong way	Check the battery's polarit y and, if necessary , insert battery correctly
	Battery too low or completely discharged	Insert new battery

Other possible causes for problems:
Static discharges or other external interferences can cause the DVD player to malfunction. When this happens, disconnect the power plug from the mains socket and plug it back in.
If the problem persists, disconnect the device from the mains again and contact Customer Service or a repair shop.
